Life at Villa Scalabrini: Care, Challenges & Community

BY ARDY AFSHAR • ADMINISTRATOR

At Villa Scalabrini, our skilled nursing and assisted living residents are at the heart of daily life. Each person brings a lifetime of memories, and we strive to meet them with dignity, patience, and kindness.

DAILY LIFE

Residents receive the level of support they need — help with personal care, medications, rehabilitation, or more complex nursing care. Each day offers chances to stay engaged: gentle exercise, music, games, crafts, and time to talk, reminisce, and laugh together. Shared meals help residents feel connected and at home.

OUR CHALLENGES

Aging can bring illness, pain, memory loss, and changes in independence. Many residents are also coping with grief, worry, or loneliness.

Families face their own challenges as they make important decisions and balance caregiving with other responsibilities. Our staff walk alongside residents and families through every step.

BIRTHDAY CELEBRATIONS

Another year,
beautifully honored

"Each day offers a chance to stay engaged — to talk, reminisce, and laugh together."

OUR COMMITMENT

We aim to care for the whole person — **body, mind, and spirit** — through a team and a plan built around each resident:

- ✓ Individualized care plans
- ✓ Skilled nursing and rehabilitation
- ✓ Emotional and spiritual support for those who desire it
- ✓ A warm, attentive team that listens and cares

CHAIR DANCING & GENTLE MOVEMENT

Even on difficult days, there are bright moments: a smile in the hallway, a step forward in therapy, a favorite song, a quiet visit at the bedside. These small daily joys are what make Villa Scalabrini a true community.
